Legal Description

The subject property's legal description, per the Deed at acquisition by the State of Tennessee, is different from when the property was originally purchased.

The acreage stated in the survey is 1,200.35 and the deed is rounded to 1,200.4 acres. However, an adjacent property owner claimed that roughly 80 acres was his property. The court ruled in his favor and a survey was done to determine that the actual acreage area in conflict contained 100.24 acres. Therefore, the larger parcel subject property contains 1,100.11 acres (1,200.35 acres less 100.24 acres).

The Area in Conflict can be found in Book 423, page 1316 in Marion County Register of Deeds. A copy, upon request will be made available.

The subject property is in the community of Whiteside on the north side of Interstate 24. The subject neighborhood is mostly rural by nature with most of the uses being rural residential, recreational, and residential. The subject neighborhood landscape is dominated by two recreational and outdoor enthusiast features in the Nickajack Lake and Prentice Cooper State Forest. There are commercial uses as you approach Jasper to the northwest, Chattanooga to the east, and along Interstate 24.

Due to its location within Marion County, the subject area has seen slow yet steady growth in over the previous decade. The subject's proximity to Chattanooga, Nickajack Lake, and Prentice Cooper State Forest provides a stable mix of base industries and tourist traffic. However, the neighborhood is generally viewed as a rural residential area which benefits from its proximity to Nickajack Lake for local recreational uses.

Nickajack Lake - Finished in 1967, is the sixth step in the stairway of TVA reservoirs and locks that carry barges up and down the Tennessee River. The Reservoir extends 46 miles upstream from the dam to Chickamauga Dam. The reservoir offers wide expanses of water and the spectacular scenery of the Tennessee River Gorge, known as the Grand Canyon of Tennessee. Boat-launching ramps and fishing berms are located on both sides of the river below the dam, and a concrete fishing pier with footbridges. Camping and picnicking facilities are also available.

Prentice Cooper State Forest - Contains approximately 24,686 acres and is located in southeastern Tennessee, in Marion County. The forest is approximately 10 miles west of Chattanooga and is heavily utilized by the public. It is situated on the scenic Tennessee River Gorge. The site was proclaimed a State Forest in 1945. Sixty-nine percent of the forest is in multiple-use regulated forests and the remainder is in conservation areas.

Management activities of the forest focus primarily on sustainable timber management, forest management demonstration and wildlife habitat improvement while maintaining recreational opportunities for the public. There are 35 miles of hiking trails, including the south end of the Cumberland Trail State Park. There also are two designated camping areas. Hunting has been a traditional use of the forest. Other recreational activities include OHV use in designated areas, rock climbing, hiking, Mountain biking, horseback riding, bird watching, and camping.
